SPECIAL NOTE:

If you are completing IGETC (for community college transfers only), you must provide our office with an official IGETC certification. Speak to your counselor at your community college to verify your IGETC status before attending your advising session. IGETC must be completed prior to matriculation to UCI or you will be held responsible for completing UCI General Education Requirements.

If you are unable to complete full UC-IGETC prior to transfer, you MUST file an OFFICIAL Partial IGETC with our office by the Fall Quarter. You should speak with your community college about a Partial IGETC. Students with a Partial IGETC will be given some options on how to complete it within the first year of matriculation to UCI. Note: Failure to have a partial IGETC on file will result in you having to complete the required UCI General Education Requirements.
